## 4603 Beaudesert Nerang Road, Beaudesert

Nestled in the spectacular scenery of Scenic Rim is the country town called Beaudesert, just 70km south of Brisbane and 60km west of Gold Coast. A destination where you can relax, take all your time and have a yarn and a cold beer with a local. With a rich history built off the back of the wool industry and named by a sheep farmer around 1841, Beaudesert is set to expand rapidly as a development hotspot. The nearby Bromelton State Development Area will see a range of industries set up shop in one of the six high impact industrial precincts. Bromelton SDA will serve the broader Queensland region while supporting the development and economic growth of the immediate environment.
